What NAEMSE Members are saying...

“No other group would be able to assist me with my efforts in the classroom. Over the years, I have received so much information, met some truly great EMS folks and made a few friends that I can call on at anytime to ask for help or run an idea past them. My membership with NAEMSE is worth every penny. In addition with so many other benefits being affiliated with an organization such as NAEMSE gives me credibility as an Educator.” - Bruce Fischer

“I joined NAEMSE to be part of a community of passionate and knowledgeable educators. I am energized to continue my EMS education and deliver efforts from my participation at the NAEMSE Symposium, contributing to the distance learning committee, and reading member publications.” - Greg Friese, MS, NREMT-P, WEMT

National Association of EMS Educators

“To inspire excellence in EMS education and lifelong learning.”

What is NAEMSE?

The National Association of EMS Educators was established in 1995 in Pittsburgh, PA by Dr. Walt Stoy, as a professional membership organization designed to promote and provide a voice for EMS Education. Today, the association is comprised of educators, instructors, coordinators, training officers, directors, and advisors for Emergency Medical Services in both the private and public sectors.

Walt Stoy, PhD
NAEMSE's Founding Father
